Consent to Treat and Authorization to Release Information

The undersigned consents to examination which may include physical, orthopedic, neurological, laboratory, and radiographic as needed to evaluate and or diagnose the patient.

The undersigned also consents to therapeutic procedures as are deemed necessary by their doctor in the course of treatment. These therapeutic procedures may include any of the following: Spinal and extra spinal manipulation/adjustments, ice, heat, electrical muscle stimulation, ultrasound, soft tissue manipulation, taping, exercise, nutritional supplementation, minor surgery, intravenous therapy, stitching, and any other procedures as prescribed by the doctor.

The doctors and staff make every effort within their power to minimize risks involved in any procedure. In spite of that, there may be a very small risk of complications. You are encouraged to ask questions, and your signature implies that you understand your risks and alternatives to recommended treatments.

I have read the above information, and by my signature, give my consent for evaluation, examination and treatment. I understand that I may question any procedure at any time. I also understand that I may decline any procedure I am not completely comfortable with.

I hereby provide authorization for the provider and staff to complete insurance claims as I may request, and understand that records will be held in confidence and not released for any other purpose.

____ **(initials)** I have been given the HIPAA form to review, and I agree to its contents.

ICIM FINANCIAL POLICY

In Order to avoid any misunderstanding, the ICIM provides the following financial policies:

General:

All accounts are due and payable upon receipt of a mailed patient statement unless other arrangements are made at the time of service. Deductibles and co-pays are due at the time of service.

Accounts over 30 days of the first mailed statement will accrue a finance charge of 1.5% per month or 18% per year. Any and all accounts owing over 90 days may be turned over to a collection agency and may accrue a finance charge at the rate of 2% per month or 24% per year.

A $35.00 returned check charge will be added to all returned checks.

The Idaho Center for Integrative Medicine (ICIM) has one set fee schedule; however the amount that patients are responsible for will vary depending on their benefit coverage. If patients do not have private health insurance, Medicaid, Medicare, or other covered benefit plan, they are entitled to a "Time of Service" discount. Under this discount plan, payments are expected the same day the service was performed, and in exchange for prompt payments, the ICIM will offer 10-20% discounts depending on applicable laws (the government restricts the amount that can be discounted legally). The exact discount can be determined at the front office. Under certain circumstances, financial hardship plans are accepted by the ICIM, and if you feel as though your financial circumstances are such that you may require discounts beyond the customary Time of Service discounts, please inquire options at the front office. A Financial Hardship Form must be signed in these cases.

Health Insurance:

Your insurance is a contract between you and the insurance company. For your convenience, we will be happy to submit your charges to your insurance company. Not all services are a covered benefit in all contracts. While the filing of insurance claims is a courtesy that we extend to our patients, all charges are your responsibility from the date the services are rendered.

Work Comp:

If you are involved in a work-related injury, your employer and/or worker's comp insurance policy is responsible for the cost of care. You will not receive a bill once the insurance carrier/employer has accepted the claim. You are responsible for creating the claim with your employer, and the claim number will be needed in order to receive treatment in our office.

Auto Injury:

If you are injured in a motor vehicle accident, we will submit claims to your own auto insurance even if you are not at fault. If you have Med Pay on your auto insurance, your treatment is covered until the Med pay runs out or treatment is finished. Your Med Pay carrier is responsible to pay over the course of care, while the insurance of the liable party will only pay at the time of settlement. When your Med Pay is exhausted we may submit claims to your group health carrier or make other arrangements with you. You may be asked to sign an Assignment Agreement so we can submit bills to your auto insurance and/or attorney and receive payments directly from them. Even if you are not at fault in an accident, there is no guarantee that treatment rendered in this office will be covered, and you are personally responsible for all charges incurred in the office.

Medicare, Medicaid:

We accept patients with Medicare and/ or Medicaid coverage. These programs provide limited coverage and do not pay for commonly used procedures in this clinic including myofascial release, exercises, PT modalities, and examinations. Medicare patients are responsible for deductibles, co-pays and all of these non-covered services. Medicare patients are required to fill out an Advanced Beneficiary Notice (ABN) form that will show the costs of the common non-covered services. Medicaid patients are responsible for non-covered services, but are not responsible for deductibles or co-pays.

My signature indicates I have read and understand this financial policy.

2. ____Condition________________________________
3. ____Condition________________________________
4. ____Condition________________________________
5. ____Condition________________________________
6. ____Condition________________________________

PART II:

Please choose the appropriate number "0 - 4" on all questions below.
0 = the least/never **4 = the most/always.**

Category I Least/Never	**0**	**1**	**2**	**3**	**4** Most/Always
Feeling that bowels do not empty completely					
Lower abdominal pain relieved by passing stool or gas					
Diarrhea (loose stool, not formed)					
Constipation (strain to have BM, or small/hard pieces)					
Hard, dry, or small stool					
Coated tongue or "fuzzy" debris on tongue					
Pass large amount of foul smelling gas					
More than 3 bowel movements daily					
Use laxatives frequently					
TOTAL SCORE					

Category II Least/Never	**0**	**1**	**2**	**3**	**4** Most/Always
Excessive belching, burping, or bloating					
Gas immediately following a meal					
Offensive breath					
Difficult bowel movements					
Sense of fullness during and after meals					
Difficulty digesting fruits and veggies; undigested foods in stools					
TOTAL SCORE					

Category III Least/Never	**0**	**1**	**2**	**3**	**4** Most/Always
Stomach pain, burning, or aching 1- 4 hours after eating					
Use of antacids					
Feeling hungry an hour or two after eating					

Heartburn when lying down or bending forward					
Temporary relief from heartburn with antacids, food, milk, carbonated beverages					
Digestive problems subside with rest and relaxation					
Heartburn w/ spicy, chocolate, citrus, peppers, alcohol, or caffeine					
TOTAL SCORE					

Category IV Least/Never	0	1	2	3	4 Most/Always
Roughage and fiber cause constipation					
Indigestion and fullness lasts 2-4 hours after eating					
Pain, tenderness, soreness on left side under rib cage					
Excessive passage of gas					
Nausea and/or vomiting					
Stool undigested, foul smelling, mucousy, greasy, or poorly formed					
Frequent urination					
Increased thirst and appetite					
Difficulty losing weight					
TOTAL SCORE					

Category V Least/Never	0	1	2	3	4 Most/Always
Greasy or high fat foods cause symptoms					
Lower bowel gas and or bloating several hours after eating					
Bitter metallic taste in mouth, especially in the morning					
Unexplained itchy skin					
Yellowish cast to eyes					
Stool color alternates from clay colored to normal brown					
Reddened skin, especially palms					
Dry or flaky skin and/or hair					
History of gallbladder attacks or stones					
TOTAL SCORE					

Have you had your gallbladder removed? **Yes** ___ **No** ___

Category VI Least/Never	0	1	2	3	4 Most/Always
Crave sweets during the day					
Irritable if meals are missed					
Depend on coffee to keep yourself going or started					
Get lightheaded if meals are missed					
Eating relieves fatigue					
Feel shaky, jittery, tremors					
Agitated, easily upset, nervous					
Poor memory, forgetful					
Blurred vision					
TOTAL SCORE					

Category VII	Least/Never	0	1	2	3	4	Most/Always
Fatigue after meals							
Crave sweets during the day							
Eating sweets does not relieve cravings for sugar							
Must have sweets after meals							
Waist girth is equal or larger than hip girth							
Frequent urination							
Increased thirst & appetite							
Difficulty losing weight							
	TOTAL SCORE						

Category VIII	Least/Never	0	1	2	3	4	Most/Always
Cannot stay asleep							
Crave salt & sugar							
Slow starter in the morning							
Afternoon fatigue							
Weak immune system (susceptible to cold/flu)							
Dizziness when standing up quickly							
Afternoon headaches							
Headaches with exertion or stress							
Weak nails							
	TOTAL SCORE						

Category IX	Least/Never	0	1	2	3	4	Most/Always
Cannot fall asleep							
Perspire easily							
Under high amounts of stress							
Weight gain when under stress							
Wake up tired even after 6 or more hours of sleep							
Excessive perspiration with little to no activity or exercise							
	TOTAL SCORE						

Category X	Least/Never	0	1	2	3	4	Most/Always
Tired, sluggish							
Feel cold – hands, feet, all over							
Require excessive amounts of sleep to function properly							
Increase in weight gain even with low-calorie diet							
Gain weight easily							
Difficult, infrequent bowel movements							
Depression, lack of motivation							
Morning headaches that wear off as the day progresses							
Outer third of eyebrow thins							
Thinning of hair on scalp, face or genitals or excessive falling hair							
Dryness of skin and/or scalp							
Mental sluggishness							
	TOTAL SCORE						

Category XI	Least/Never 0	1	2	3	4 Most/Always
Heart palpitations					
Inward trembling					
Increased pulse even at rest					
Nervous and emotional					
Insomnia					
Night sweats					
Difficulty gaining weight					
TOTAL SCORE					

Category XII	Least/Never 0	1	2	3	4 Most/Always
Urination difficulty or dribbling					
Urination frequent					
Pain inside of legs or heels					
Feeling of incomplete bowel evacuation					
Leg nervousness at night					
TOTAL SCORE					

MALES ONLY - Category XIII	Least/Never 0	1	2	3	4 Most/Always
Decrease in libido					
Decrease in spontaneous morning erections					
Decrease in fullness of erections					
Difficulty in maintain morning erections					
Spells of mental fatigue					
Inability to concentrate					
Episodes of depression					
Muscle soreness					
Decrease in physical stamina					
Unexplained weight gain					
Increase in fat distribution around chest and hips					
Sweating attacks					
More emotional than in the past					
TOTAL SCORE					

Menstruating Females ONLY - Category XIV	Least/Never 0	1	2	3	4 Most/Always
Pain and cramping during periods					
Scanty blood flow					
Heavy blood flow (1+ hygeine product ea. 1-2 hrs)					
Breast pain and swelling during menses					
Pelvic pain during menses					
Anxiety/depression/mood swings around period					
Acne break outs					
Facial hair growth					
Hair loss/thinning					
Extended menstrual cycle (greater than 32 days)					
Shortened menses (less than every 24 days)					
TOTAL SCORE					

Post Menopausal Women ONLY - Category XV	Least/Never 0	1	2	3	4 Most/Always
Hot flashes					
Mental fogginess					
Disinterest in sex					
Mood swings					
Depression					
Painful intercourse					
Shrinking breasts					
Facial hair growth					
Acne					
Increased vaginal pain, dryness or itching					
TOTAL SCORE					

How many years have you been menopausal ___

Since menopause, do you ever have uterine bleeding **Yes** ___ **No** ___

Are you having alternating menstrual cycle lengths? **Yes** ___ **No** ___

PART III: Neurotransmitter Assessment

Section Brain	Least/Never 0	1	2	3	4 Most/Always
Is your memory noticeably declining

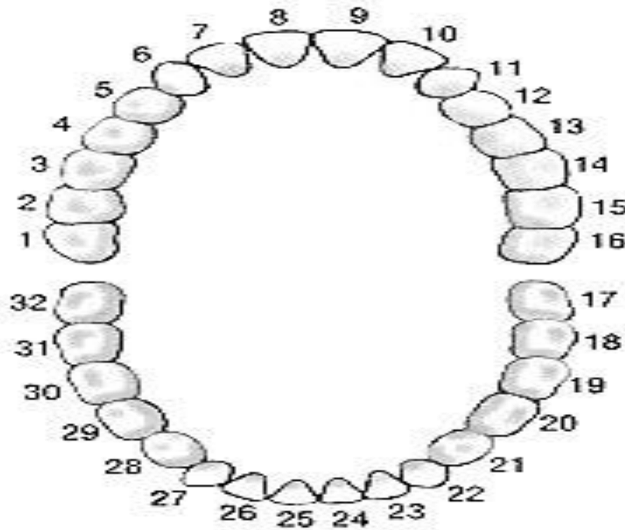
Do you have difficulty recognizing objects and faces					
Do you feel like your opinion about yourself has changed					
Are you experiencing excessive urination					

Are you experiencing slower mental response					
TOTAL SCORE					

PART IV: **DENTAL**

Use the diagram below to show placement	**Y**	**N**	**?**	**Past**
Do you currently have amalgam "silver" fillings ? How Many? ____				
Have you removed or changed any dental amalgam fillings/crowns?				
Did you have amalgam fillings as a child? How Many? ____				
Do you have any **root canal** treated teeth? How Many? _____				

Please mark and label the locations of any fillings or root canals:



A = Amalgam

GC = Gold Crown
PC = Porcelain Crown
PD = Periodontal Dz
RC = Root Canal
EX = Extraction
AW= AbN Wear
I = Implant

PART V: **NUTRITION**

Diet:
How many servings of vegetables do you eat per day? ______________
How many times per week do you workout? _____________
List the three worst foods you eat during the average week: ________________________________,
____, ____
List the three healthiest foods you eat during the average week: ___________________________,
____, ____
Do you smoke?_______ If yes, how many times a day: _____
Rate your stress levels on a scale of 1-10 during the average week: ___________________
What is the primary source of your stress? _______________________________

How often do you consume (per week):	**Never**	**0**	**1-3**	**4-6**	**7-10**	10+
Fish (fresh, frozen, canned, ect.)?						
Organic and pasture fed animal products?						
Organic produce?						
Artificial sweeteners: NutraSweet, Equal, Aspartame, Splenda?						

Alcohol?					
Sugary sweets (candy, ice cream, cake, donuts, etc…)					
Deep fat fried foods?					
Caffeinated beverages					
Sodas, juices, drinks containing High Fructose Corn Syrup					

PART VI: **TOXIN EXPOSURE**

Have you been exposed to any of these in the last 12 months?	Y	N	?	Past
Renovations (new carpets; add ons; ect.)?				
Water leaks (ceilings, walls, floors) OR Visible MOLD?				
Crumbling walls, ceiling, insulation, or paint?				
Regular contact with gas, propane, coal, or wood stove?				
Regular contact with smokers?				
Pesticides or herbicides?				
Harsh chemicals (varnish, glue, gas, acid, cleaners, etc...)?				
Welding or soldering?				
Metals (Lead, Mercury, ect.)?				
Paints?				
Photo developing / Dark room?
